Projects:

- **Development of New Website for Startup**
December 2015

Worked as a front-end developer and helped developing the front-end part for the main website at Dipper. The website is based on providing an easy interface between shipper's & trucker's and manage logistics system in an easy way. Also worked a bit on S.E.O. (Search Engine Optimization).

You can check on what i worked @ www.usedipper.com

- **Website for Online Photography Contest in Pragyan-16**
November-2015

Developed a website for organizing an online photography contest in Pragyan-Tech Fest of Nitt.

You can check it out @ www.pragyan.org/hd

- **Developed a template during Google-Startup Weekend**
Sept-2015

Developed a small template for demonstration as a M.V.P. (Minimum Viable Product) at Google Startup Weekend, Trichy.

You can check it @ lutir.github.io/GetMed/index.html

- **Food-website for providing food service inside Nit trichy campus.**

August 2015-Sept-2015

This project was developed as an website for providing food service from various vendors inside the Nit Campus

- **Interactive Microsoft Word**

August 2014 – November 2014

The Project was developing an application that creates templates similar to that of MS-Word. The user gives in the particulars and the template is ready in minutes. Our module was detecting the occurrence of a word in a given template and change it. It was a semester project under the Head Of Department (H.O.D) of Computer Science and Technology Department S.Selvakuma

Extra Curricular Activities:

- Active Member of Delta Force at NIT Trichy.
- Member of Web-Development Team in Festember (annual Cultural Fest of NIT-T).
- Member of Design-Team of Bits & Bytes Newsletter at NIT Trichy.
- Participated in Google Startup Weekend-2015
- Member of The National Service Scheme (NSS) of NIT-Trichy which organized education awareness program in rural schools nearby.
